

Gulf oil products

are developed for tougher conditions,
longer life and ultimate driving performance

Quality Endurance Passion

A Partner you can rely on

With Gulf you get the benefit of more than 100 years global experience and technical innovation.

We understand the high performance requirement of modern cars and the high protection requested. We offer engine oils to ensure the maximum fuel efficiency and to protect the environment. Our priority is to provide you with the best possible performance from your car. Gulf offers you a comprehensive range of engine Oils and “Power Max” technology that is unique worldwide. We exceed standards with a high protective film and with high detergent under severe conditions. The car is protected for the duration of service life of the oil.

High quality motor oil is an essential part of a passenger car. The Gulf engine oils portfolio ensures protection and fuel economy to the vehicles running on gasoline, diesel, gas, hybrid or flex-fuel. These have been recently redeveloped to meet the latest specifications and carry many approvals from top-line manufacturers. The performance and life span of your car depends on good lubrication.

Gulf's expertise has evolved by recognising new technology needs from leading vehicle manufacturers, environmental legislation demands and years of realtion with customers to understand their needs. Combining this knowledge, the driver perceives easier driving with, less wear and lower fuel consumption. Oil consumption is also significantly lower than in conventional oils of the same viscosity class.

Advanced fuel economy synthetic engine oils

Advanced, synthetic motor oils for latest high performance turbocharged gasoline engines in cars and light commercial vehicles.

Gulf UltrasyntH X 0W-20, 5W-20

Synthetic Energy Conserving engine oil for the most modern high output and turbocharged gasoline engines in cars, SUVs and light commercial vehicles. Recommended for a range of North American, European and Asian vehicles.

SPECIFICATIONS & APPROVALS

API SN | API SN (Resource Conserving) | ILSAC GF-5 | FIAT 9.55535-CR1

Gulf UltrasyntH GMX 5W-30

Advanced Synthetic Energy Conserving engine oil for the most modern high output and turbocharged gasoline engines in passenger cars, SUVs and light commercial vehicles.

Recommended for a range of North American, European and Asian vehicles.

SPECIFICATIONS & APPROVALS

API SN (Resource Conserving) | ILSAC GF-5 | GM dexos 1™, dexos 1™ Gen 2 | FIAT 9.55535-CR1

Catalyst compatible synthetic engine oils

Catalyst compatible synthetic engine oils Synthetic oil, low SAPS (Sulphated Ash, Phosphorous & Sulphur) for low emission gasoline and diesel passenger cars and light commercial vehicles, fitted with Three Way Catalyst (TWC)/ Diesel Particulate Filters (DPF).

Gulf Formula RNX 5W-30

Top synthetic catalyst compatible engine oil low saps for vehicles meeting Euro IV norms. It has been developed for use in high performance gasoline and diesel engines in cars and light commercial vehicles, fitted with DPF and TWC. Recommended for the latest Renault light engines and OEMs requiring ACEA C4/C3 oils.

SPECIFICATIONS & APPROVALS

ACEA C4/C3 | MB 226.51, 229.51 | Renault RN 0720

Gulf Formula CFE 5W-30

Top synthetic catalyst compatible engine oil mid saps for all modern EURO VI, EURO V turbocharged, high output gasoline and diesel passenger cars, SUVs, light duty vehicles fitted with Diesel Particulate Filter.

Recommended for the latest Mercedes light engines requiring mid saps engine oils.

SPECIFICATIONS & APPROVALS

ACEA C2/C3 | API SN | MB Approval 229.52, MB Approval 229.51, MB 229.31 | dexos 2™ | PSA B71 2290 | FIAT 9.55535-S3

Gulf Formula VFE 0W-20

An ultra high performance, fuel economy synthetic car motor oil formulated with synthetic base stocks to provide outstanding protection against wear and deposits & sludge build-up. Recommended use for in passenger latest VW Group cars.

SPECIFICATIONS & APPROVALS

VW 508 00/509 00 | Porsche C20

Gulf Formula GVX 5W-30

Top synthetic low emission engine oil mid saps developed to meet the requirements of the entire range of Euro 4 & 5 cars running on gasoline and diesel (Ultra Low Sulfur).

Recommended for the longlife service in the engines fitted with DPF of VW, AUDI, SKODA, SEAT, BMW, MERCEDES.

SPECIFICATIONS & APPROVALS

ACEA C3 | VW 504 00/507 00 | MB Approval 229.51 | BMW LL-04 | Porsche C30

Gulf Formula PCX 0W-30, 5W-30

Top synthetic catalyst compatible engine oil mid saps for use in high performance gasoline and diesel engines in cars and light commercial vehicles, fitted with DPF and TWC.

Recommended for the latest PSA Peugeot, Citroen and other North American and Asian OEMs requiring ACEA C2 oils.

SPECIFICATIONS & APPROVALS

5W-30: ACEA C2, A5/B5 | API SM/CF | PSA B71 2290 | FIAT 9.55535-S1

0W-30: ACEA C2 | FIAT 9.55535 GS1 | PSA B71 2312 - B71 2290

Gulf Formula LEF 0W-30

Top synthetic low emission engine oil mid saps developed to meet the requirements of the entire range of Euro 6 & 5 cars running on diesel fitted with DPF.

Recommended for the longlife service in the engines fitted with DPF of FIAT and FORD.

SPECIFICATIONS & APPROVALS

ACEA C2 | FORD WSS-M2C950-A | FIAT 9.55535-DS1 | FIAT 9.55535-GS1

Gulf Formula EFE 0W-20

Advanced high performance synthetic engine oil designed for use in Volvo passenger cars. Suitable for use in automotive gasoline engines. Recommended for latest modern cars, sports cars and luxury vehicles requiring lower viscosity oils.

SPECIFICATIONS & APPROVALS

ACEA C5 | VOLVO VCC RBS0-2AE | FIAT 9.55535-DSX

Gulf Formula EFE 5W-20

High performance synthetic fuel economy motor oil for passenger cars and light commercial e vehicles requiring ACEA C5 type of oils. Recommended for Ford Ecoboost gasoline engines. It is also compatible for all Ford gasoline engines.

SPECIFICATIONS & APPROVALS

ACEA C5 | FORD WSS-M2C-948-B | FORD WSS-M2C-913-B/C | FORD WSS-M2C-925-B

Gulf Formula EFE 5W-30

Top synthetic catalyst compatible engine oil low saps, for last generation engines.

Recommended for the recent models of Ford, Mazda fitted with gasoline and diesel engines and with DPF and TWC.

SPECIFICATIONS & APPROVALS

FORD M2C 934-B

Gulf Formula CX 5W-30

Top synthetic catalyst compatible engine oil mid saps for engines requiring ACEA C2/C3 oils. Recommended for low emission Euro 5 engines and vehicles manufactured by Mercedes, VW, GM, BMW and PSA.

SPECIFICATIONS & APPROVALS

ACEA C2/C3 | API SN | GM dexos 2™ | PSA B71 2290 | MB 229.31, 229.51, 229.52 | BMW LL-04 | VW 505 01 | FIAT 9.55535-S3

Gulf Formula ULE 5W-30, 5W-40

Advanced performance catalyst synthetic mid saps motor oils, for engines requiring ACEA C3 oils. Recommended for Euro 4 low emission passenger cars VW, BMW, Mercedes and Japanese OEMs powered by both gasoline and diesel engines fitted with DPF.

SPECIFICATIONS & APPROVALS

5W-30: ACEA C3 | API SN | GM dexos 2™ | VW 502 00 | 505 00, 505 01 | BMW LL-04 | MB Approval 229.51
5W-40: ACEA C3 | SN | FORD WSS - M2C917-A | BMW LL-04 | MB Approval 229.51 | Porsche A40 | VW 505 00, 505 01 | FIAT 9.55535-GH2 | FIAT 9.55535-S2

Synthetic engine oil for extended intervals

A synthetic formulation for all types of vehicles: passenger cars, SUVs and light commercial vehicles. It exceeds the requirements of all the major vehicles manufacturers.

Gulf Formula GX 5W-30, 5W-40

Advanced synthetic oil for all types of gasoline and diesel high output, turbocharged, supercharged multi valve vehicles in passenger cars, SUVs and light commercial vehicles.

Recommended to ensure maximum protection, even during the stop-and-go, over extended oil-change intervals.

SPECIFICATIONS & APPROVALS

5W-30: ACEA A3/B4 | API SL | Renault RN 0700 | GM-LL-A-025, GM-LL-B-025 | MB Approval 229.5 | BMW LL-01 | VW 502 00, 505 00 | 5W-40: ACEA A3/B4 | API SN | Porsche A40 | Renault RN 0700, RN 0710 | MB Approval 229.5 | VW 502 00, 505 00 | BMW LL-01

Gulf Formula FE 0W-30

Advanced fuel economy synthetic oil for gasoline and diesel high output, turbocharged, supercharged multi valve vehicles in passenger cars, SUVs and light commercial vehicles.

Recommended to ensure maximum protection and cogent fuel economy to the vehicles WIV, except for AUDI S3, RS4, Audi TT 225 CV.

SPECIFICATIONS & APPROVALS

VW 503 00, 506 00, 506 01

Gulf Formula G 0W-30, 5W-30, 5W-40

Supreme performance synthetic motor oil designed to exceed the latest industry specifications and the major car manufacturers' service fill requirements. Recommended for all turbocharged, high output gasoline and diesel engines of passenger cars, SUVs and light commercial vehicles.

SPECIFICATIONS & APPROVALS

0W-30: API SJ | VW 502 00, 503 01, 505 00 | MB Approval 229.3 | BMW LL-98
 5W-30: ACEA A3/B4 | API SL | MB Approval 229.3 | Renault RN 0710 | VW 502 00, 505 00
 5W-40: ACEA A3/B4 | API SN | MB Approval 229.3 | Porsche A40 | Renault RN 0700, RN 0710 | VW 502 00, 505 00 | FIAT 9.55535-M2

Gulf Formula FS 5W-30

Premium synthetic passenger car motor oil, the advanced formula provides outstanding protection against wear, deposits & sludge build-up and offers Fuel Saving benefit. Recommended for all Ford Vehicles meeting current Euro 4 and future Euro 5 emission norms, requiring oils confirming to latest Ford.

SPECIFICATIONS & APPROVALS

ACEA A1/B1, A5/B5 | Ford WSS-M2C913-D | FIAT 9.55535-N1

Semi-synthetic & premium engine oils

High performance passenger car motor oils for high-output, multi valve, turbocharged and supercharged gasoline, diesel and gas engines of cars, SUVs and light commercial vehicles. These engine oils ensure longer protection.

Gulf TEC PLUS 10W-40

High performance semi-synthetic passenger car motor oil for optimum performance in high-output, multi valve, turbocharged & supercharged gasoline and diesel engines.

Recommended for all turbocharged, high output gasoline and diesel engines of passenger cars, SUVs and light commercial vehicles.

SPECIFICATIONS & APPROVALS

ACEA A3/B4 | API SL/CF | MB 229.1 | VW 501 01, 505 00 | FIAT 9.55535-D2

Gulf MAX X 5W-30

High premium passenger car motor oil developed for the most modern high output gasoline and turbocharged gasoline engines in passenger cars, sport utility vehicles, vans, and light-duty trucks.

Recommended for North American, European & Japanese high output gasoline engines in passenger cars, sport utility vehicles, vans, and light-duty trucks.

SPECIFICATIONS & APPROVALS

API SN | API SN Resource Conserving | ILSAC GF-5

Gulf MAX 10W-40, 15W-40, 20W-50

High premium passenger car motor oil developed for output gasoline and diesel turbocharged engines in passenger cars and light duty or commercial vehicles. Recommended for the less recent engines.

SPECIFICATIONS & APPROVALS

API SL/CF

Gulf CLASSIC 20W-50, 30W, 50W

High quality mineral oils formulated with high performance additives, plus supplementary anti wear additives to provide enhanced protection against wear. Excellent compatibility with classic seals and rubbers. No danger of encrusted dirt becoming unstuck.

SPECIFICATIONS & APPROVALS

API SF/CF

Synthetic engine oil for racing

High performance synthetic engine oil, developed for gasoline and diesel sports cars. It is suitable even for competition cars.

Gulf RACING 5W-50, 10W-60

Advanced performance synthetic racing car engine oil.

SPECIFICATIONS & APPROVALS

Services

you can trust

Gulf can offer you more than just leading lubricant technology. Additional services can support you from technical advice to guidance on environmental aspects of lubricant usage.

In the event of a performance issue, Gulf can provide analysis of used oil samples to try and identify the cause.

If you have any questions about lubrication, please speak with your Gulf contact.

“ Gulf has a reputation for quality and this is reflected through the brand and organisation from its products, to its services and people. ”

At Gulf, we have dedicated ourselves to working with each of our customers to understand their needs, solve their lubrication issues and build a long-term relationship based on trust and performance.

Whatever your needs, you can depend on us to create and recommend the right solutions at the right time.

To discuss your needs in more detail, or if you want to find out more information, please get in touch with your local Gulf representative.
